## **Qualifications For VSIA Membership by Category**

### Active Membership

Any person, firm or corporation that is an employer conducting business in Virginia and which is either a self-insurer as to its liability under the provisions of the Workers' Compensation law of Virginia, or applicable Federal Law, or is insured under a policy which leaves with the insured significant financial risk may be elected to active membership of this Association upon a majority vote of the Board of Directors.

### Government Membership

Any governmental subdivision operating in Virginia which satisfies the conditions of Active Membership listed above may be elected to government membership of this Association upon a majority vote of the Board of Directors.

### Associate Membership

Associate membership may be granted to the following upon approval of their application by a majority vote of the Board of Directors:

Any profit organization representing self-insured employers;

Any person, firm, corporation, or other entity not meeting the qualifications for active membership (as described above) or government membership (as described above) and specifically in business to administer self-insured programs under the provisions of federal and/or state Workers' Compensation laws (applicable to Virginia);

Any individual, firm, corporation or other entity interested in the principles of sound and conservative self-insurance in Virginia; or,

Any person, governmental division, school, hospital, firm or corporation insured under the provisions of the Workers' Compensation laws applicable to Virginia which does not meet the qualification for active membership (as described above) or government membership (as described above) and whose interests are compatible with those of self-insurers.
